

CALMING PARK

Calming Park illuminates Milan's fall-winter 2008/09 fashion week

Designer NEIL BARRETT, endorsed by Hollywood's A-listers such as Justin Timberlake, Jake Gyllenhaall and Brad Pitt, has chosen CALMING PARK to illuminate his upcoming fall-winter 2008 men collection.

Dozens of CALMING PARK's Fig-Bamboo candles will set the mood at his after party on Sunday January 13th during Milan fashion week.

CALMING PARK scented candles are developed in Grasse, France's paradise for precious scents and the greatest perfumers in the world, by MD Fragrances in collaboration with OLIVIER ROHRBACH. They are made with at least 70% organic palm wax and contain 12% parfum concentration. The line, which includes the scents Cactus, Sequoia, Fig-Bamboo, Cashmere and Cedre Bleu, has been launched in October 2006.

CALMING PARK candles are available in more than 20 locations worldwide in fine selected stores in Zurich, St-Moritz, Geneva, Milan, London, New York and Copenhagen.
